DETAILED ACTION

This action is responsive to applicant's Response to the Election/Restriction filed August 1, 2005. Applicant's response is to the Election/Restriction Official Action mailed May 31, 2005.

Election/Restrictions

Applicant's election without traverse of Group III, claims 21-26 in the reply filed on August 1, 2005 is acknowledged.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Double Patenting

A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Claims 21-26 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 6-11 of prior U.S. Patent No. 5,540,718. This is a double patenting rejection. The claims are so close in content that they both cover the same thing, coextensive, despite a slight difference in wording.

Claim Rejections - 35 USC § 112

Claims 22 and 23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 22, the phrase "said open end" and "the angle" in claim 23, lack antecedent basis.
